Who We Are

Jayam Industries is an ISO 9001:2015 Certified company which is part of Jayam Group, was incorporated in the year 2005. Jayam industries is involved in both distribution as well as manufacturing and has achieved its place in the market as a leader in a very short span of time. We serve in industries like Rubber, Plastic, Leather, Ink, Pigment, Paint etc. Today, we are one of the leading distributors of Carbon Black, Rubber Chemicals, Reclaim Rubber, Calcium Carbonate, Titanium Dioxide and all type of Minerals in India. The diverse range of products in Jayam's portfolio makes it essentially a One Stop Shop for the needs of all of its customers.

Some of the largest Companies in India have chosen Jayam to be their strategic partners to cater to the needs of the vast Indian market. We become the obvious choice because of our comprehensive marketing structure and years of experience. Vitally important to our corporate strengths are the close relationships we maintain with our customers. Our relationships are inextricably linked to the technical assistance and cooperation we receive from our principals

We represent various reputed domestic and multinational corporations such as Phillips Carbon Black Ltd., Lanxess India Private. Ltd., OMYA Calcium Carbonate & Chemical Manufacturing, Dashmesh Group, Hindustan Petroleum Corporation Ltd., Reliance Sibur Elastomers Pvt. Ltd., RheinChemie Additives, Nimbasia Stabilizers and Tinox make colors bright, Mold release agent from Parker Lord, Precipitated Silica from Aksil (Akshar Chem).
